The Iola Car Show and Swap Meet is more than a car show... It's a tradition!

For eleven months of the year the village of Iola, Wisconsin is a quiet community with a population of 1,300. However, each year during the second weekend of July something amazing happens! A transformation takes place and seemingly all at once Iola becomes a destination for over 120,000 people.

Car enthusiasts travel from all over the United States and beyond, to experience the Iola Car Show. For tens of thousands it has become "their" tradition to attend! Without question this love of cars has been passed onto the children and grandchildren of these car hobbyists; ensuring the future of the classic car hobby and likewise the continued success of events, like the Iola Car Show.

The Iola Toy Barn is centrally located on the grounds within the Iola Car show! Packed with Toys and Collectibles! "The Toy Barn" is inside the Iola Car Show!
